

Introducing CyberNET®

The Most Advanced Cyber Risk Management Solution

cyberNET®

Stronger, Smarter, Faster

Being insured isn't the same as being prepared.

Welcome to CyberNET® – the most advanced cyber risk management solution and your exclusive go-to resource for cyber which is only accessible to Constellation's policyholders at MMIC, UMIA and Arkansas Mutual.

CyberNET® helps you and your organization understand the cyber risks you face with access to expert cyber risk advisors when you need them, plus 24/7 online training courses, best practices, compliance and incident response guidelines, sample policies, and vendor agreement templates.

Get 'cyber smart' with our risk management website which includes:
