

Reporting a Cyber Claim

Reporting a cyber claim is similar to reporting any incident or claim

Sign in to our website and click "Report Medical or Cyber Incident/Claim" to report the cyber claim. We will then confirm cyber coverage and forward the coverage documentation and loss notice to Tokio Marine HCC - Cyber & Professional Lines Group, formerly known as NAS Insurance Services, LLC and Professional Indemnity Associates.

If a cyber attack occurs outside of regular business hours, you should report via our website.

If the matter is urgent, contact Tokio Marine HCC's after hours number 888.627.8995 to be connected with a breach coach from Wilson Elser. Make sure to let them know you are an MMIC, UMIA or Arkansas Mutual policyholder.

Tokio Marine HCC's claims department will work with the Constellation team the next business day to request any additional information. They will also contact you to ensure you are back up and running, so you can focus on what matters most, your patients.
